

Composite Door Brochure

About us

Ordering fully fitted doors and windows online, as well as supply-only options, used to be non-existent. The traditional process of getting a quote and waiting for someone to call you is outdated. We have invested in state-of-the-art technology to provide customers with online prices for fully fitted windows and doors, with coverage across the UK. So, instead of filling in your details online and waiting for a call for a quote, consider this: Value Doors has the technology that others only dream about. We've revolutionized the process and we're not done yet.

Accreditations

Reg: 42711

FENSA aims to enhance installer professionalism and safeguard homeowners by thoroughly screening installers and ensuring compliance with high standards, energy-efficient products, building regulations, and local council registration where necessary.

Reg: A3404

The GGF, or Glass and Glazing Federation, provides industry training and technical support. Value Doors is a proud member of this federation. For over 40 years, the GGF has been the leading trade federation in the industry, with 8000 members recognizing its influence and expertise.

At Value Doors, we are dedicated to environmental sustainability. For every order, including cancellations, we plant a tree in deforestation-risk areas, such as Brazil, Haiti, Peru, Indonesia, and Ethiopia. Our products, especially doors, contain timber, and we are committed to giving back to the planet. Through TheTreeApp, we contribute to reforestation efforts, benefiting the environment and improving the lives of people in these areas by providing employment and income opportunities.

Value Doors is fully accredited by Trustmark, a government-endorsed quality scheme for work in or around your home, giving you peace of mind.

We offer a long guarantee for your satisfaction. In the unlikely event of our business closure, Installsure will cover any outstanding warranties, providing you peace of mind.

What's behind the door?

Unparalleled Security

Thanks to its rigid polymer subframe, high density CFC-free polyurethane foam core, high impact resistant GRP skin and high quality multi-point locks. The door leaf and glazing systems are a major component when part of a door set and have a proven ability to achieve PAS24:2016, industry's enhanced security standard, a prerequisite for attaining certification to Secure by Design a police initiative to protect against unlawful intrusion.

Exceptional Durability

High impact resistant glass reinforced polyester (GRP) skin.

Low Maintenance

Everything about a Value Doors GRP composite door is designed to be easy to maintain, including our insulated glass units. Simply clean with warm, soapy water.

Thermal Efficiency

Tests prove a Value Doors GRP Composite Door is -
19% More thermally efficient than a 48mm solid timber core composite door.

17% More thermally efficient than a 44mm traditional timber panelled door.

Stunning Aesthetics

The woodgrain finish was developed from oak tree grain, creating a beautifully authentic appearance. Unlike lesser doors, you'll find the same woodgrain effect and moulding design on the slim glazing cassette too, giving a seamless, elegant finish and impressive kerb appeal.

Superb Sound Insulation

Weighted noise reduction of 31 decibels. It means you can be sure your new door will keep outside noise to a minimum, helping to make your home the haven you want it to be.

Excellent Weatherproofing

Water resistant polymer composite rails that protect its core. Your door will keep the weather at bay and stay looking good for longer.

Hardware

Handles

Locks

Trulock

Suitable for lev/lev & lev/pad handles. Simply lift handle to engage hooks and turn key or thumbturn to lock.

AV2 Auto Lock

Usually used with bar handles or escutcheons. When the door is slammed shut the door is automatically locked. Entry requires a key to open. Exit requires a thumbturn to exit.

AV4 Auto Lock

The AV4 has the same usage as the AV2 however, the AV4 comes with a day switch that can disable the auto locking feature. This is ideal if you are in and out of the property. The AV4 also requires significantly less operational force.

YS170

Suitable for lev/lev & lev/pad handles. Simply lift handle to engage hooks and turn key or thumbturn to lock.
