Why Choose a uPVC Door?

Our high-quality door panels are manufactured using advanced technology, which forms and bonds two uPVC skins to a variety of materials and reinforcing options so as to ensure the integrity of the panel in all elements.

Affordable Utilising Vacuum Forming technology, each uPVC door panel is manufactured to exacting standards and hand finished to suit your style and budget.

Highly Customisable Providing a vast number of styles, glass designs and colours to choose from, we promise that no matter the age, style or aesthetic of your home, we can find the perfect uPVC front door for you.

Durable uPVC is one of the most versatile options available. uPVC is impervious to water, is colour stable and is resistant to everyday knocks and scratches.

Low Maintenance uPVC doors require little to no maintenance, just an occasional wipe down with warm, soapy water and a lint-free cloth will keep your door looking great for years to come. For further details see page 26.

Thermally Efficient Protected by Heat Reflective Technology, our uPVC door panels have a heat reflective skin which, when combined with an extra high density core, provides excellent insulation. This means your door does more than just look great; it also helps block noise and heat from entering or escaping your home.

Environmentally Friendly We're committed to minimising our environmental impact, which is why our uPVC door panels feature a core material that is both CFC (chlorofluorocarbons) and HCFC (hydrochlorofluorocarbons) free, with none of these ozone depleting components being emitted during the manufacturing process or in situ. Our panels are recyclable and in addition, manufacturing waste materials are disposed of responsibly wherever possible.

Choose your Door Panel Style

The majority of door styles featured are available as a solid option, please ask for details.

Make it Personal

Pick a Colour

Our uPVC doors are available in a range of Colourgrain and Woodgrain options. From modern Chartwell Green and Anthracite Grey to the ever popular Oak and Rosewood, we can help you find the perfect colour to suit your home.

*Anthracite Grey Smooth 7016 available in the Modern Collection and Flat Panels only.

Personalise Your Glass

If you have a totally bespoke design in mind or you would like to personalise your door with your favourite photograph, we can take practically any image* and reproduce it straight onto glass using Direct Digital Glass printing (DDG). Ask for more details! *Copyright restrictions apply

Accessorise Your Door

To beautifully complement and personalise your chosen door, we offer a selection of quality door furniture, including door knockers and letterplates, in a variety of colours.

Door Maintenance

Keep your door looking great for longer

Your new uPVC door is extremely low maintenance and is very easy to clean. How often will depend on where you live. For instance, a coastal or industrialised location, or near a busy road, may mean cleaning is required a little more often.

We recommend the following to help you get the very best from your uPVC door:

Cleaning your door

- Wash the door and door frame with warm soapy water and a soft, lint-free cloth to remove grime and atmospheric deposits. Never use a pressure washer or steam cleaner.
- Stubborn marks on the door frame may need to be tackled with a specialised PVC cleaner but please ensure you read the cleaning guidelines carefully ensure suitability.
- Under no circumstances should you use any solvent-based or abrasive cleaners and avoid the use of any adhesives or tack for temporary fixing i.e. For seasonal or other decorations.

Maintaining your door

- Once every six months or so, apply a little light engineering oil (such as 3 in 1 oil) on all moving parts of the lock, cylinder and hinges.
- We also recommend that you help protect your door from possible natural thermal distortion by engaging the locking points by simply pulling up the handle each time you shut the door.

With a little care and attention, your uPVC door should continue to look great for years to come!

Ordering fully fitted doors and windows online, as well as supply-only options, used to be non-existent. The traditional process of getting a quote and waiting for someone to call you is outdated. We have invested in state-of-the-art technology to provide customers with online prices for fully fitted windows and doors, with coverage across the UK. So, instead of filling in your details online and waiting for a call for a quote, consider this: Value Doors & Windows has the technology that others only dream about. We've revolutionized the process and we're not done yet.

Accreditations

Reg: 42711

FENSA aims to enhance installer professionalism and safeguard homeowners by thoroughly screening installers and ensuring compliance with high standards, energy-efficient products, building regulations, and local council registration where necessary.

Reg: A3404

The GGF, or Glass and Glazing Federation, provides industry training and technical support. Value Doors & Windows is a proud member of this federation. For over 40 years, the GGF has been the leading trade federation in the industry, with 8000 members recognizing its influence and expertise.

Sustainability

At Value Doors & Windows, we are dedicated to environmental sustainability. For every order, including cancellations, we plant a tree in deforestation-risk areas, such as Brazil, Haiti, Peru, Indonesia, and Ethiopia. Our products, especially doors, contain timber, and we are committed to giving back to the planet. Through TheTreeApp, we contribute to reforestation efforts, benefiting the environment and improving the lives of people in these areas by providing employment and income opportunities.

Value Doors & Windows is fully accredited by Trustmark, a government-endorsed quality scheme for work in or around your home, giving you peace of mind.

We offer a long guarantee for your satisfaction. In the unlikely event of our business closure, Installsure will cover any outstanding warranties, providing you peace of mind.
